

Course Instructors: Aquatics Operator Course

Recreation Manitoba is looking for individuals to instruct our Aquatics Operator Course and other aquatics related courses that maybe developed in the future. This is an opportunity for an independent contractor or someone looking for a casual part time position.

Our Aquatics Operator Course is currently a three day in person or online course.

You are;

- Someone who believes that fun and play are vital to a great day, and that parks and recreation are essential to healthy and well communities and individuals.
- Have eight years of facility management or operations experience in an aquatics facility.
- Have taken and passed the Aquatics Operators Course or Certified Pool Operators Course.
- Sound knowledge on aquatic operations.
- Organized with good communication skills and attention to detail.
- Outgoing and experienced in doing presentations.
- Someone who prides themselves on staying up to date on latest trends in the industry.
- Willing to take paid training on instructing and teaching adult education.
- Wants to train your peers to help Manitoba provide safe efficient facilities that contribute to the well being of communities and individuals.
- Able to teach 1-2 courses per year along with time spent reviewing the course curriculum.
- Current course instructor rate is \$1100 per course (under review). A negotiated hourly rate for other work done.

Responsibilities

- Adjusting course outlines on an annual basis to ensure information is up-to-date, relevant. and meets program and industry requirements as well as reflect our organization's brand and approach to learning
- Presenting lesson plans on scheduled class days in an engaging and well-communicated manner
- Supporting various learning styles by providing several strategies for consuming the same content (ex: slides, lecturing, videos, and readings)
- Giving students additional support and guidance when asked, or as you see a need
- Assessing students fairly on course material, projects, exams, and other objectives according to pre-established assessment methods
- Providing students with access to assessment method guides/rubrics before and after assessments as well as constructive feedback when needed
- Other duties as assigned

If this sounds interesting then;

We would appreciate it if you could send us a cover letter, and resume by June 1st
