March 13, 2020

Dear Members,

As many of you are aware, the COVID-19 pandemic has now reached Manitoba. This is a fast moving situation and we anticipate circumstances will evolve rapidly over the coming days and weeks.

Lifesaving Society Manitoba is following provincial public health recommendations closely to help guide decision making. As our Annual General Meeting (AGM) is required by our bylaws, as well as by the Corporations Act, we consider this meeting essential. Currently, there is no public health recommendation to avoid this size of gathering. The Board of Directors has determined that we will continue with the AGM as planned for Saturday March 21, 2020.

We ask everyone's cooperation in keeping the AGM as safe as possible. Please **do not** attend the meeting if:

- You are showing any symptoms including fever, cough, difficulty breathing, sore throat, runny nose
- You have come into contact with anyone who is infected or experiencing these symptoms
- You have travelled outside of Canada within the last 14 days

Further, please be advised that the 2020 Manitoba Lifeguard Championships have been postponed until further notice. The competition is considered a non-essential gathering and it requires close physical contact between competitors and volunteers, which is not recommended at this time. A separate communication has been issued regarding that event. If you were planning to compete or volunteer, please see the competition memo for more information.

We will advise members immediately if recommendations change and if this decision to hold the AGM needs to be reconsidered.

Elizabeth Proskurnik
Chair, Board of Directors
