

## Progressive Reopening Phases Model

PHASES	PRECAUTIONS	ALLOWABLE ACTIVITIES AND FACILITIES
<p><b>Phase 0</b> Ongoing community spread of COVID-19 in your region.</p>	<p>Act with extreme caution and keep all aquatic facilities closed.</p>	<ul style="list-style-type: none"> <li>• None</li> </ul>
<p><b>Phase 1</b> Progressive reopening of aquatic facilities in compliance with Manitoba Public Health.</p>	<p>The following activities and facilities can resume with:</p> <ul style="list-style-type: none"> <li>• Controlled access and strict supervision.</li> <li>• Reduce bather loads and ensure physical distancing and disinfection measures.</li> <li>• High risk participants are prohibited.</li> </ul>	<ul style="list-style-type: none"> <li>• Lifesaving or lifeguard training</li> <li>• Emergency use of the facility for seasonal health emergencies (heat wave/high temperature warning)</li> <li>• Aquatic sports training for athletes recognized as being of national interest in view of their participation in the Olympic Games or national and international events</li> <li>• Allow only essential equipment (e.g. PFD)</li> </ul> <p><i>For waterfronts, outdoor pools and indoor pools only.</i></p>
<p><b>Phase 2</b> If Phase 1 reopening does not generate a reoccurrence of the virus within the community, consider allowing more activities to be held in aquatic facilities.</p>	<p>The following activities and facilities can resume with:</p> <ul style="list-style-type: none"> <li>• Controlled access and strict supervision.</li> <li>• Reduce bather loads and high distancing and disinfection measures.</li> <li>• Higher instructor/coach ratio.</li> <li>• High risk participants are prohibited.</li> </ul>	<ul style="list-style-type: none"> <li>• Individual swimming lessons or training sessions that do not need physical manipulation by the instructor or coach</li> <li>• Supervised lane/lap swimming with reduced bather loads</li> <li>• Aquatic sports excluding groups that need physical manipulation by the coach</li> <li>• Aquatic fitness classes with instructors being out of the water (except for demonstrations)</li> <li>• Day camps</li> <li>• Water playgrounds with controlled access and supervision</li> <li>• Water parks with reduced bather loads and operating installations allowing easy distancing and disinfection measures</li> </ul>

PHASES	PRECAUTIONS	ALLOWABLE ACTIVITIES AND FACILITIES
<p><b>Phase 3</b></p> <p>If phase 2 reopening does not generate a reoccurrence of the virus within the community, consider allowing more activities to be held in aquatic facilities.</p>	<p>The following activities and facilities can resume with:</p> <ul style="list-style-type: none"> <li>• Reduce bather loads and high distancing and disinfection measures.</li> <li>• Higher instructor/coach ratio.</li> <li>• High risk participants are prohibited.</li> </ul>	<ul style="list-style-type: none"> <li>• Recreational swimming</li> <li>• Swimming lessons excluding groups that need physical manipulation by the instructor and with instructors being out of the water (except for demonstrations)</li> <li>• Water parks</li> <li>• Whirlpools, saunas and steam rooms</li> <li>• Allow other equipment (e.g. toys) with proper disinfection procedure</li> </ul>
<p><b>Phase 4</b></p> <p>Pandemic is over, COVID-19 is under control due to an appropriate treatment or an effective vaccine.</p>		<ul style="list-style-type: none"> <li>• All activities can resume</li> </ul>

**Note that the suggested phases of reopening aquatic facilities in this table are guidelines only, do not necessarily correlate with Manitoba Public Health plan phases for reopening and are not meant in any way to supersede them.**
